Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Anniston is an entitlement community and grantee of the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG) Program. Funding available under this program is targeted within city limits to address community development needs with regard to affordable housing and supportive services for low to moderate income (LMI) families and communities. The City of Anniston also serves as the grantee for the Anniston/Calhoun County HOME Consortium, which is a participating jurisdiction under HUD's HOME Investment Partnership Program (HOME). Funding under HOME is targeted to six (6) jurisdictions - Anniston, Calhoun County (excluding Oxford and Ohatchee), Hobson City, Jacksonville, Weaver and Piedmont - to address affordable housing needs.

The information contained within this document comprises the City of Anniston's 2015 Action Plan for its Community Development Block Grant (CDBG) Program and the Anniston/Calhoun County HOME Consortium Program for the period of October 1, 2015 through September 30, 2016. This one-year proposed use of funds summarizes the allocation of the City's total CDBG and HOME entitlement grants as awarded by the U.S. Department of Housing and Urban Development (HUD). It identifies all planned projects and activities, correlates planned efforts with the strategic goals and identified needs of the City's approved Five-Year Consolidated Plan (2013-2017), and assigns measurable objectives and planned outcomes for each planned project and activity.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Five (5) goals are established within the Five-Year Consolidated Plan. They are:

- 1) Provide decent and affordable housing and supportive services for low-moderate income families
- 2) Provide decent and affordable housing and supportive services for populations with special needs

3) Provide decent and affordable housing and supportive services for homeless populations

4) Improve public facilities and/or infrastructure

5) Eliminate slums and blight

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City's annual performance under both the CDBG and HOME Programs is documented in its Consolidated Annual Performance and Evaluation Report (CAPER), which is filed within 90 days of the end of each program year. Highlights of performance outcomes for the most recently completed program year (2013) are summarized below.

Funds Expended: \$258,130 CDBG

\$445,444 HOME

Total Expenditures: \$703,574

15% of CDBG funds expended for public services

73.74% of CDBG funds benefitted very low to moderate income persons

Total Units Assisted - 13

Total Persons Assisted - 21,951

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City as the grantee for both CDBG and HOME, conducted a consolidated citizen participation process which combined public hearings yet acknowledged the programs as separate and distinct.

All required citizen participation activities were carried out in compliance with its approved Citizen Participation Plan (CP), and all activities were conducted in compliance with timeframes set under Federal program regulations.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Two (2) public hearings were convened to solicit input and feedback from residents of the communities covered under CDBG and HOME. All comments were accepted and are summarized in the prepared minutes (see attached).

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments received were given appropriate consideration and were weighed in conjunction with housing and community data, needs assessment data, input and feedback from service providers, and specific funding requests. No comments were rejected.

7. Summary

For Program Year 2015 (October 1, 2015 - September 30, 2016), the following amounts have been awarded by HUD. A detailed summary of specific projects and allocations is included in the Strategic Plan section of this document.

CDBG	\$517,802	98.1%
CDBG program income	\$ 10,000	1.9%
HOME Program	\$292,043	96.2%
HOME program income	\$ 20,000	3.8%
Total Funding	\$832,845	100%

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	ANNISTON	
CDBG Administrator	ANNISTON	Community Development
HOPWA Administrator		
HOME Administrator	ANNISTON	Community Development
HOPWA-C Administrator		Community Development

Table 1 – Responsible Agencies

Narrative (optional)

The City of Anniston is the grantee and lead agency responsible for the management and implementation of the CDBG and HOME Programs. As the grantee, the City is the sole entity responsible for allocating and managing program funds, awarding funds to sub-recipients, monitoring program activities and ensuring project completion and compliance with program guidelines. Overall efforts are guided by the development of a Five-Year Consolidated Plan, which identifies and prioritizes community needs and outlines strategic goals and objectives. Year-to-year efforts are directed by the Annual Action Plan; a one-year use of funds identifying specific projects and activities to be undertaken, as well as goals and objectives to be achieved. The program's success in meeting these benchmarks is documented in the Consolidated Annual Planning and Evaluation Report (CAPER). The CDBG and HOME Programs are administered by the City's Community Development Department.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City consulted with all agencies as required under 24 CFR 91.100, 91.200(b) and 91.215(b)

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City used multiple strategies to enhance coordination between agencies, including the allocation of general fund monies, federal CDBG and HOME grant funds, and state awarded funds to support the provision of services within the covered jurisdictions, as well as ongoing communication and consultation with housing and non-housing service providers, public housing authorities, other local jurisdictions, and public agencies. The City has maintained a strong and productive relationship with Habitat for Humanity and with its CHDO (Northeast Alabama Community Development Corporation) in producing affordable housing units under the HOME Program. In 2013 the City also partnered with and provided HOME funds to The Right Place which produced an affordable housing duplex. During 2014, The Right Place for Housing and Support applied for and received HOME funds for the purpose of producing 4 affordable housing units. In 2014, the City partnered with the Community Foundation of Northeast Alabama to manage the award of general fund dollars to public service agencies which resulted in leveraging additional support for non-profits engaged in community work. This has been a successful partnering which has allowed several service providers to be currently funded under the City's operating budget with general fund monies, as well as federal funds under the CDBG program. The City's intent is to continue to fund agencies engaged in public service programs within the program limits. In order to ensure transparency, increase efficiency, and avoid the possibility of allocating two different sources of funding for the same purpose or expenses, the City will continue to provide the Community Foundation with award information; including a summary of CDBG expenses.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City actively participates in the regional homeless Continuum of Care (CoC) which is the Homeless Coalition of Northeast Alabama (HCNEA). The service area covered by HCNEA consists of Calhoun, Cherokee, DeKalb and Etowah counties, including the cities of Anniston and Gadsden. The City's Community Development Coordinator was the HCNEA Co-Chair during 2013 and the sitting Chair during 2014. Efforts to address the needs of the homeless by the City include active participation in monthly CoC meetings, Project Homeless Connect events held bi-annually for the homeless, annual Point in Time (PIT) count, coordination of housing and other needs with local hospital social workers and discharge nurses for homeless persons, coordination with East Alabama Regional Planning Commission social

services, allocation of general fund dollars for homeless provider assistance, and the allocation of CDBG funding under the 15% public services cap to organizations that meet the housing and supportive services needs of the homeless population.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City did not apply for ESG funds nor receive ESG funds during 2014. 2nd Chance, Inc., The Right Place for Housing and Support, and Family Services Center requested and received a letter of support from the CoC and the City of Anniston for their application to the Alabama Department of Economic and Community Affairs (ADECA) for ESG funds during 2014.

Although the City does not participate in HMIS, it provided CDBG funds for continued HMIS maintenance support for those service providers using HMIS through the CoC. The City and CoC also work in cooperation with Jacksonville State University to develop performance standards, conduct Point in Time (PIT) homeless surveys/counts, and evaluate outcomes.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation activities were undertaken in compliance with the City's approved Citizen Participation Plan (CP), including advanced notice of public hearings, and the convening of two public hearings. Public hearings, times, and locations were set for public convenience. Process information was posted on the City's public website. All information was shared with local jurisdictions, services providers and the public housing authority for posting on their websites and/or in their facilities. Notices of the availability of all documents in hard copy form were also posted for residents without internet access or preferred to view a hard copy. All input and feedback were weighed, in combination with community data, feedback from service providers, and other input to establish the goals and priorities listed in this action plan. The following information is applicable to both CDBG and HOME as a result of both programs citizen participation.

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

Funds available for 2015 include \$527,802 in CDBG funds and \$312,043 in HOME funds. Both amounts include anticipated program income.

Priority Table

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1			Expected Amount Available Remainder of ConPlan \$	Narrative Description	
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$			Total: \$
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	517,802	10,000	0	527,802	1,240,000	CDBG funds represent the total amount awarded to the City of Anniston by HUD for 2015 plus \$10,000 in anticipated program income

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	292,043	20,000	0	312,043	915,129	HOME funds represent the total amount awarded to the City of Anniston/Calhoun County Consortium by HUD for 2015 plus \$20,000 in anticipated program income.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG does not require matching funds; however, CDBG funds are a major source of leverage for other community funding to address community needs.

HOME requires a 10% match which will be met on a cash or in-kind basis by the jurisdiction in which a HOME-funded project is implemented.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

N/A

Discussion

All funds will be allocated and expended in alignment with the strategic goals of the Five-Year Consolidated Plan along with priority needs and funding allocations under the 2015 Annual Action Plan.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

These projects were allocated funding based on citizen input, data contained within our approved Consolidated Plan, and leveraging opportunities. The maximum allowable amount for both public services and program administration were allocated. The balance of funds were allocated to activities which will improve and/or sustain quality of life. Limited financial resources is the primary obstacle to addressing underserved needs.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The majority of CDBG funds will be used citywide; with the exception of historic preservation activities which are allocated funding based on the location in a historic, LMI area. HOME funds will be used on a Consortium-wide basis.

Geographic Distribution

Target Area	Percentage of Funds
Anniston/Citywide	49

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

To benefit the greatest number of eligible persons, the majority of CDBG and HOME funds will be invested on a jurisdiction wide basis. Historic preservation funds are allocated based on their location in a historic, LMI area.

Discussion

AP-60 Public Housing – 91.220(h)

Introduction

Anniston has four (4) public housing areas within the HOME Consortium area. Areas identified are: Anniston, Jacksonville, Piedmont, and Hobson City.

Actions planned during the next year to address the needs to public housing

The City of Anniston and the HOME Consortium plan to work with the Public Housing Authorities in our service area by providing information on homes that become available through rehabilitation activities and home construction. We will continue communication with the Anniston Public Housing Authority regarding how we may provide assistance as they move forward with their strategic plan.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Distribution of information to residents regarding fair housing and homeownership opportunities for affordable housing constructed or rehabilitated with CDBG or HOME funds.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City actively participates in the regional CoC serving northeast Alabama, provides funding support to address service needs, and coordinates care with local service providers.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In 2015, \$70,000 of CDBG funds is allocated for acquisition and rehabilitation of affordable housing units. Another \$150,000 in CDBG funds has been allocated for transitional housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City will continue to use the service organizations located throughout the metropolitan area. This involves coordination with the Homeless Coalition of Northeast Alabama, as well as providers such as 2nd Chance, The Right Place, Community Enabler Developer, and St. Michael's Clinic. This coordination represents effective participation in the regional CoC which reaches out to the homeless, assesses their needs, assists low-income families avoid homelessness, addresses the emergency shelter and transitional housing needs of the homeless, and helps both homeless and chronically homeless make the transition to permanent housing and independent living. Including shortening the timeframe that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing them from becoming homeless again.

The City will continue to actively participate in HCNEA, the regional CoC, to ensure coordination and availability of resources for homeless persons in Anniston when such a need arises. The need for transitional and permanent housing is a critical need in the area.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

\$70,000 in CDBG funds have been allocated for acquisition and rehabilitation of property for affordable

housing. Another \$150,000 in CDBG funds is allocated for transitional housing. Both are critical needs in the area. Providing more affordable housing and transitional housing will facilitate better access.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Efforts to prevent homelessness will be addressed through the City's continued participation in the regional CoC as described above, and through continued support of affordable housing availability such as housing rehabilitation and transitional housing; along with continued support of the public service providers that serve these persons.

Discussion

One year goals for the number of households to be provided housing through the use of HOPWA for:
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
Tenant-based rental assistance
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds
Total

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

In 2013, an Analysis of Impediments, including a discussion of barriers to affordable housing, was prepared by the East Alabama Regional Planning and Development Commission. A complete copy of the document is posted and available for reading on the City of Anniston website at www.anniston.al.gov.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In the 2013 AI, public policies with regard to land use, tax policies, zoning, building codes, fees, growth limits were not noted as barriers to affordable housing. Tax policies were deemed neutral, zoning ordinances permit a variety of housing types, neighborhood configurations and lot sizes. The majority of land is zoned for residential use, and limited residential development is allowed in non-residential zones. Planned efforts with regard to affordable housing include the construction of new affordable housing under HOME, rehabilitation of affordable housing under CDBG and HOME, and continued education/outreach regarding fair housing issues.

Discussion

AP-85 Other Actions – 91.220(k)

Introduction

All planned activities are in line with the prioritized needs identified within the Five-Year Consolidated Plan.

Actions planned to address obstacles to meeting underserved needs

Actions planned to meet underserved needs include the continued provision of funding for public service activities that focus on LMI families, youth, and the homeless; along with continued active participation in the CoC.

Actions planned to foster and maintain affordable housing

Development and/or rehabilitation of affordable multi-family and single-family housing are priorities under both the CDBG and HOME programs. Under the CDBG program, funding is allocated for acquisition and rehabilitation for both affordable rental and transitional housing. Construction and rehabilitation of affordable multi-family or single-family housing units are funded activities under the HOME program within any of the six jurisdictions participating as HOME Consortium members.

Actions planned to reduce lead-based paint hazards

The City has a contractor to provide lead testing, risk assessment and remediation/abatement services. Their services will be used as needed. Lead safe work practices will be adhered to as applicable.

Actions planned to reduce the number of poverty-level families

The City plans to provide financial support to organizations which have a mission of assisting households in poverty, and providing them with the skills and opportunities that will allow them to become independent and self-sufficient. Funds have been allocated for public services which include Pre-K, after-school and summer educational opportunities for children and youth in LMI families to provide a solid foundation for high educational achievement which correlates with reduced poverty.

Actions planned to develop institutional structure

The City serves as the grantee and administrative agent for both the CDBG and HOME programs. The programs are housed within the Community Development Department and the day-to-day management is provided by the Community Development Coordinator who reports directly to the City Manager. City personnel provide support for administration of the program to include the Finance Department, Engineering Division, Public Works Department, Code Enforcement Division, and the Planning Department. The City's transition in early 2014 from a contract-staff managed program to full-time

internal personnel has helped build administrative capacity. 20% of CDBG funds and 10% of HOME funds are used to manage both programs.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will include the allocation of general fund, federal, and state funds to support the provision of services within the covered jurisdictions; as well as ongoing communication and consultation with housing and non-housing service providers, public housing authorities, other local jurisdictions, and public agencies. In the HOME program, the City will continue its partnership with Habitat for Humanity and with its CHDO, Northeast Alabama Community Development Corporation, in producing affordable housing units.

General fund monies to public service agencies is outsourced and managed by the Community Foundation of Northeast Alabama; resulting in leveraging additional support for non-profits engaged in community work. Several public service providers are currently funded under the City's operating budget with general fund dollars; as well as through the CDBG program with federal dollars.

The City plans to continue providing funds to agencies engaged in public services within the program constraints. In order to ensure transparency, increase efficiency, and avoid the possibility of allocating two different sources of funding for the same purpose or expenses, the City will provide the Community Foundation with award information to include a summary of expenses covered under the CDBG program.

Discussion

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction

Planned activities covered under the one-year 2015 Annual Action Plan will cover the period October 1, 2015 through September 30, 2016.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	75.00%

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The 2015 HOME allocation in the amount of \$312,043 (entitlement grant plus program income) is proposed to be used as follows:

Administration & Planning/Program Delivery - \$31,204

CHDO Set-Aside - \$46,806

Acquisition of Property - \$40,000

Rehabilitation and Construction of Affordable Housing - \$194,033

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The method of repayment will be recapture for all HOME activities. Homebuyers are income-eligible families under HUD income guidelines. Household annual income of 60% or less of the HUD established area median income adjusted for household size. Homebuyers are required to live in the HOME assisted property as their principal residence for the duration of the applicable affordability period which is typically 20 years for a homebuyer. The period of affordability is based upon the direct HOME subsidy provided to the homebuyer that enabled the homebuyer to purchase the unit. Subsidy forms are interest or non-interest bearing loans or advances, deferred loans (forgivable or repayable), grants, interest subsidies, equity investments, and loan guarantees and loan guarantee accounts. All HOME program income used to provide direct assistance to the homebuyer is included when determining the period of affordability.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The period of affordability is based upon the direct HOME subsidy provided to the homebuyer that enabled the homebuyer to purchase the unit.

If the homebuyer sells, transfers, exchanges, assigns, refinances or leases the HOME assisted property, the City will recapture the HOME funds. The recapture requirements are reflected in the written agreement, mortgage, and mortgage note. The recapture requirement is limited to the

amount of net proceeds available from the sale of the HOME assisted property. In no instance will the amount of recapture exceed the amount of direct subsidy received by the homebuyer.

Either a covenant attached to the land or a deed restriction will be placed on each property at the time of purchase with HOME funds which will establish HUD-defined compliance period based on the amount of assistance and type of activity.

The City of Anniston through its Community Development Department may forgive the direct HOME subsidy at the pro-rata basis of 1/5th, 1/10th, or 1/15th per year to correlate with the affordability period.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

There are no plans to use HOME funds to refinance existing debt secured by multi-family housing.

Discussion

Homebuyer eligible applicants are households that have an annual household income of 60% or less of the HUD-established area median income, adjusted for household size for the Anniston-Oxford area. Funding applications/proposals are accepted on a first-come, first-serve basis. Applications or proposals are accepted throughout the program year in the Community Development Department of the City of Anniston on behalf of the Anniston/Calhoun County HOME Consortium.

**CDBG Public Hearing Minutes
June 3, 2015 at 4:01 p.m.
City of Anniston, City Hall**

Attendees were informed the purpose of the hearing was for public comments and requests which allows the City to meet citizen participation requirements in the development of the City's one-year Action Plan. Additional citizen participation opportunities were noted and dates provided to attendees.

A summary of past performance was provided; along with a summary of eligible activities. Information on how the City plans to spend 2015 CDBG funds was distributed and reviewed with attendees. The citizen comment process was explained. Written comments are due by June 16 and written public service funding applications are due by June 17 at 4:00p.m. in the Community Development Department office. Funding applications were made available.

The City anticipates receiving approximately \$517,802 in CDBG funds for program year 2015.

The floor was opened for citizen comments. Those desiring to make a statement were requested to identify themselves by name and, if applicable, the agency they represent.

Rita Regal with The Right Place stated that she would like to see funds go toward affordable housing.

Susan Shipman with 2nd Chance agreed with Rita; stated that HUD funding is difficult to obtain.

Johnny Byrd with The Boys and Girls Club asked what evidence is used to determine how money is spent and how they can be used. Explanation was provided. Funds have been used for rehab, park improvements and housing, street reconstruction, etc.

Johnny Byrd asked who makes the decision as to where funds are spent. Renee' Baker stated that City of Anniston staff and the City Manager evaluate and put forth a recommendation for inclusion in the Community Development Block Grant. The recommendation goes to the City Council, who must approve the budget. It then goes to HUD for review and approval.

Ms. Baker explained there is a 20% cap for administration and planning/program delivery and a 15% cap for public services as set by the U.S. Department of Housing and Urban Development (HUD).

Nanette Mudson with St. Michael's Clinic asked if the funds are "set" for the Anniston area only. Ms. Baker explained that as long as the non-profit is physically located within the City of Anniston, they may serve persons outside the City limits that present to them for assistance.

With no further comments and discussion, the hearing adjourned.

HOME Public Hearing Minutes
June 3, 2015 at 4:15 p.m.
City of Anniston, City Hall

Attendees were informed the purpose of the hearing was for public comments and requests which allows the City to meet citizen participation requirements in the development of the one-year Action Plan. Additional citizen participation opportunities were noted and dates/times provided to attendees.

A summary of HOME past performance was provided for review; along with a summary of eligible activities under the HOME program.

It was explained that these are separate funds from the CD&G program that the City receives from HUD. The City is part of the Anniston/Calhoun County HOME Consortium which is made up of the City of Anniston, Hobson City, Calhoun County and the Cities of Jacksonville, Weaver, and Piedmont. The City of Anniston is the grantee and as the lead agency is responsible for program administration and delivery.

The City anticipates receiving approximately \$292,043 in HOME funds for the 2015 program year.

The floor was opened for comments.

Nite Regel with The Right Place stated that the funds can be used for rental assistance such as tenant-based rental assistance (TBRA) and would like to see the City fund this in the future.

Susan Shipman with 2nd Chance asked about the application process for HOME funds.

Explanation provided that this was a separate process from CDBG and a detailed written proposal for use of funds should be sent to the Community Development Department.

With no further comments and discussion, the hearing adjourned.

**COBG Public Hearing Minutes
July 15, 2015
City of Anniston, City Hall**

The COBG public hearing began at 4:19 p.m.

Renae' Baker, Community Development Coordinator, made introductions. Attendees were informed the meeting served the purpose of providing the opportunity for citizens to be involved in development of the City's 2015 Action Plan, and also allows the City to meet citizen participation requirements by providing a platform for comments and suggestions. It was explained that the Action Plan document is a one-year plan for the use of the anticipated 2015 Community Development Block Grant (COBG) funds the City anticipates receiving from the U.S. Department of Housing and Urban Development (HUD) in October, 2015.

Ms. Baker stated this was the 2nd public hearing in this process. She informed attendees that the second 30-day comment period began June 28th and written comments must be received in the Community Development Department not later than July 28th when the current comment period ends.

The final public hearing and opportunity for citizen input will be held on August 3rd before the Anniston City Council where they will hear any final comments prior to adoption of the 2015 Action Plan.

A Summary of Past Performance was provided and reviewed with those in attendance.

An estimate of 2015 anticipated COBG funding was presented and reviewed with all attendees; along with a summary of eligible activities under the COBG program. The planned use of 2015 COBG funds was provided and reviewed by all in attendance.

The floor was opened for public comments.

Denise Meadows, Executive Director of Health Services Center, asked if they would be eligible to apply for funding in 2016 and inquired about the application process. The application process and timeframe was explained by Ms. Baker, and Ms. Meadows was told they would be eligible to apply.

With no further questions or comments, the COBG public hearing was adjourned at 4:28 p.m.

**HOME Public Hearing Minutes
July 15, 2015
City of Anniston, City Hall**

The HOME public hearing began at 4:29 p.m.

Renee' Baker, Community Development Coordinator, made introductions. Attendees were informed the meeting served a dual purpose, to provide the opportunity for citizens to be involved in the development of the City's 2015 Action Plan, and to also to meet citizen participation requirements by providing an opportunity for citizen comments and suggestions. It was explained that the Action Plan is a one-year plan for the use of the anticipated 2015 HOME Investment Partnership program (HOME) funds the City anticipates receiving from the U.S. Department of Housing and Urban Development (HUD) in October, 2015.

This is the second public hearing on the 2015 HOME Action Plan, and the second 30-day comment period began on June 28th. This comment period ends on July 28th. Written comments must be received in the Community Development Department not later than July 28th.

The next opportunity for citizen input will be on August 3rd before the Anniston City Council. At this time, the City Council will hear any final comments prior to adoption of the 2015 Action Plan.

A summary of past performance was provided and reviewed with those in attendance.

An estimate of the anticipated 2015 HOME funding was presented and reviewed with all; along with a summary of eligible activities under the HOME program. The planned use of 2015 HOME funds was provided and reviewed by all.

The floor was open for public comments at this time.

With no comments/questions the hearing was closed and adjourned at 4:55 p.m.

NOTICE

**CITY OF ANNISTON
Community Development Block Grant (CDBG)
HOME Investment Partnership Program (HOME)**

2015 Annual Action Plan

This serves as notice that the 3rd and final public hearing and adoption of the City of Anniston's 2015 Annual Action Plan originally scheduled for August 3rd before the City Council has been cancelled.

A special called meeting of the City Council will be held on Monday, August 10, 2015 at 5:30 p.m. in the Council Chambers at Anniston City Hall. The Council will adopt the 2015 Annual Action Plan at this time. Deadline for submission of the 2015 Annual Action Plan to the U.S. Department of Housing and Urban Development (HUD) is August 15, 2015.
