ATTEST:

Council Member Spain made a motion for the passage and adoption of Ordinance Number 11-O-12 as reintroduced and read. The motion was seconded by Council Member Little.

Council Member Palmore stated that this would make exiting from the hospital more difficult without this traffic light. He stated drivers would become impatient and pull out in front of other cars. He stated this traffic light was very valuable.

On call of the roll on Council Member Spain's motion for the passage and adoption of Ordinance Number 11-O-12 as reintroduced and read and Council Member Little second to said motion the following vote was recorded: ayes: Council Members Spain, Little and Dawson; nays: Council Members Palmore and Robinson. Council Member Spain made a motion for the passage and adoption of Resolution Number 11-R-42 as reintroduced and read. The motion was seconded by Mayor Robinson.

Council Member Spain made a motion to amend Resolution Number 11-R-42 for section (c) to read “(c) The Council has previously approved the conveyance of the portion of the site of the project owned by the City to the Authority” and for Section 2 to read “Section 2. Authorization of Lease Agreement. The execution and delivery of the Lease Agreement by and between the Authority, as lessor, and the City, as lessee (the “Lease Agreement”), be, and the same is, hereby authorized and approved. The Mayor of the City is hereby authorized to execute and deliver the Lease Agreement, and the City Clerk of the City is hereby authorized to attest the same and affix the seal of the City thereto, and the Lease Agreement shall be in the form attached hereto as Exhibit "A" and by this reference incorporated herein and made a part hereof.” The motion was seconded by Council Member Dawson.

Council Member Dawson asked for an explanation of the amendment.

Preston Bolt, bond counsel, addressed the Council and stated the first change reflects the fact that there is one parcel and some alleyways that the City does not own which will be part of the site of this project. He stated the second change was what he thought had been presented before in that there can be no changes in this lease agreement unless approved by the City Council.

On call of the roll on Council Member Spain’s motion to amend Resolution Number 11-R-42 for section (c) to read “(c) The Council has previously approved the conveyance of the portion of the site of the project owned by the City to the Authority” and for Section 2 to read “Section 2. Authorization of Lease Agreement. The execution and delivery of the Lease Agreement by and between the Authority, as lessor, and the City, as lessee (the “Lease Agreement”), be, and the

same is, hereby authorized and approved. The Mayor of the City is hereby authorized to execute and deliver the Lease Agreement, and the City Clerk of the City is hereby authorized to attest the same and affix the seal of the City thereto, and the Lease Agreement shall be in the form attached hereto as Exhibit "A" and by this reference incorporated herein and made a part hereof" and Council Member Dawson's second to said motion the following vote was recorded: ayes: Council Members Spain, Palmore, Dawson and Robinson; nays: Council Member Little. The motion carried.

Council Member Little stated this would not be the second reading of this resolution because it had been changed. He stated if it passes now it will not be legal. He stated he was not giving unanimous consent. He asked if the PBA had voted on the lease agreement.

Jim Miller, chairman, Public Building Authority of the City of Anniston, stated the PBA had voted on the lease agreement.

Council Member Little asked when the lease agreement was given to the members of the PBA and did they have a chance to read what they were voting on.

Mr. Miller stated the lease agreement was given to the full board that day and they had an opportunity to read it.

Council Member Little stated the bond for this project is illegally acquired. He stated he had not had an opportunity to reread this lease agreement and it had been put in the Council boxes on this past Friday. He stated substantial changes have been made and it was not appropriate to vote on this that day. He stated that he felt Merchant Capital should not be the bond agent for this project. He stated other bond agents should have been given a chance for this project. He stated there may be some legal action concerning this project.

Mayor Robinson stated that Merchant Capital is the largest investment banker in the State and has been in business for over 40 years. He stated they needed a new Judicial Center because of the state of the current one. He asked the City Attorney if this was the second reading of this resolution.

Cleo Thomas, City Attorney, stated this was the second reading of this resolution.

Council Member Spain asked if the amendment to this resolution would disqualify it from being the second reading.

Cleo Thomas, City Attorney, stated the amendment to this resolution would not disqualify it from being the second reading.

Council Member Spain stated he was in favor of this resolution but he would vote to cap this project at \$12 million and would want to make sure they have the proper controls in place to make sure there are no overruns in this project. He stated he would vote for the \$15 million but when it came to amount to be spent on the Judicial Center he would vote to cap it at \$12 million.

7/26/2011

Council Member Palmore stated he had attended the PBA meeting that day and he was not aware that they had not had a chance to read all the documents.

Mr. Miller stated that the document they had was presented to the PBA that day and drafts of the document had been presented to the PBA prior to that day.

Council Member Palmore stated he would not vote for a cost overrun of this project. He stated he had not been agreement with making public the amount of money that was available for this project.

Mr. Miller stated the Council would have to approve the design of the project. He stated right now they have only an estimate of the cost. He stated he stood behind the work of the PBA and the way bond counsel and the investment banker were selected. He stated all actions were taken in open meetings with the press present. He stated they wanted to bring the project in on time and under budget.

Council Member Spain stated he would not approve spending more than \$12 million on this building.

Council Member Little stated this would not be a legal vote on this resolution. He stated they could use \$15 million for better purposes than building a jail. He stated they needed extensive infrastructure improvements. He stated he thought there would be a lawsuit if they passed this resolution.

On call of the roll on Council Member Spain's motion for the passage and adoption of Resolution Number 11-R-42 as amended and Mayor Robinson's second to said motion the following vote was recorded: ayes: Council Members Spain, Palmore, Dawson and Robinson; nays: Council Member Little.
