COVID-19 (CORONAVIRUS)

DRIVE-THRU TESTING

REGIONAL MEDICAL CENTER (RMC)

INFECTIOUS DISEASE TASK FORCE OF CALHOUN COUNTY

1

ARE YOU EXPERIENCING SYMPTOMS?

- Patients must meet testing criteria to be screened.
- It's important to note: If a patient does not meet the testing criteria, they will NOT be tested.

Symptoms and current <u>testing criteria</u> for COVID-19 include the following:

- Fever (100.4 or higher)
- Signs/symptoms of lower respiratory illness (example: cough or shortness of breath)

2

STAY HOME, CALL HEALTHCARE PROVIDER

- RMC is requiring that patients first be evaluated by their healthcare provider to determine if they are a candidate for testing.
- Please stay home and call your healthcare provider if you are experiencing symptoms.
- Health care providers will use designated screening criteria to determine if a referral to the screening clinic is necessary.

3

RMC RECEIVES REFERRAL FROM YOUR HEALTHCARE PROVIDER

- An RMC provider will review the referral received from a primary care physician and will reassess to confirm that a patient meets testing criteria.
- If the RMC provider receives a patient referral that meets the criteria for testing, RMC will contact the patient with appointment availability and instructions.
- RMC will have a <u>limited number of tests available</u> each day and may have to make changes to their schedule based on that availability and demand.

4

TEST RESULTS

- Patients will receive instructions at the drive-thru screening site, on how to sign up for Chartfast.com to access their results. Turnaround time for COVID-19 test results has averaged between five and seven days.
- RMC will <u>contact a patient</u> and their healthcare provider directly <u>if a positive test result is returned</u>.

FOR <u>QUESTIONS</u> REGARDING THIS PROCESS, CONTACT RMC MONDAY-FRIDAY 8:00AM - 4:30PM AT: (256)-235-5600

SCREENING SITE: 230 E 10TH STREET (IN THE PARKING LOT OF THE MEDICAL ARTS BUILDING)
