

# FAIR HOUSING WORKSHOPS

The City of Anniston is working to identify patterns of segregation; racially and ethnically concentrated areas of poverty; disparities in access to opportunity; and disproportionate housing needs as part of an Assessment of Fair Housing.

Please plan to attend one of the community workshops for a discussion of these important issues. Your input will inform and help shape fair housing in the City for years to come.

**As an active citizen of Anniston, your input is needed!**
