

#PSA: COVID-19 Vaccination Allocation Plan #Update

Citizens of Anniston, according to the Alabama Department of Public Health's (APDH) Vaccine Allocation Plan, there are 4 phases of vaccine distribution. Calhoun County is currently in Phase 1.

Phase 1 eligible persons are healthcare workers and first responders. Those in phase 1 are the only eligible persons to be vaccinated this week.

These vaccinations will be taking place at the Anniston City Meeting Center tomorrow (01/05/21). However, as stated, these vaccines are ONLY FOR HEALTHCARE WORKERS & FIRST RESPONDERS.

As time passes, and we move into another phase of the vaccine distribution plan, we will be sure to update all citizens on who is next eligible.

Please note, the vaccination for the general public will be available at a later time during ADPH's phase 4 plan. At this time, ADPH has not yet specified a timeline when phase 4 allocations will be distributed.

For more information on APDH's Vaccine Plan please visit www.alabamapublichealth.gov or call 1-800-270-7268.

To view information on who is included in each phase of the vaccination allocation plan, please view below:

Phase 1A: Frontline healthcare workers, first responders

Phase 1B:

- **People with 2 or more comorbidities and underlying conditions**

Phase 2:

- **K-12 Educators and staff**
- **Critical Workers with high risk to exposure**
- **People of all ages with comorbidities that increase their risk to Covid-19**
- **Persons at increased risk such as those in Prisons/Jails and detention centers**

Phase 3:

- **Workers in Critical Infrastructure with a moderate risk to exposure**
- **Young adults between ages of 18 and 30 with typically broader social networks thus higher risk of transmission**

Phase 4:

- **General Population who was not included in earlier phases**
-

Thank you!
