

Anniston Historic Preservation Commission Color Palette

Exterior paint colors approved for use in Downtown Anniston, West 15th Street, Tyler Hill and McClellan Historic Districts.

Anniston Historic Preservation Commission Mission Statement

The City of Anniston has determined that the historical culture and aesthetic heritage of the City are among its most valued and important assets and that the preservation of this heritage is essential to the promotion of the health, prosperity and general welfare of the community and its citizens. The preservation of these assets is also intended to stimulate the revitalization of the business districts and historic neighborhoods of Anniston, to protect and enhance local historical and aesthetic attractions, and to enhance opportunities for federal or state tax benefits for historic rehabilitation.

Ordinance No. 91-0-18 provides a system for the designation, protection, preservation and rehabilitation of historic properties in historic districts and to participate in federal and state programs created and designed to achieve the same goals. This same ordinance establishes a uniform procedure for use in providing for the protection, enhancement, perpetuation and use of places, districts, sites, buildings, structures, objects, landscape features and works of art having a special historical, cultural or aesthetic interest or value.

The Anniston Historic Preservation Commission prefers the original paint color of a building, *even if* it is not listed an approved paint color located within this palette.

McClellan Historic District

Exterior Wall Paint:

White Wool – **Sherwin Williams** 1354

Shutters:

Duronodic Bronze – **Coronado** 80-424-01 Latex

Trim:

Standard White Gloss – **Sherwin Williams** V200-62-01 Oil

The Anniston Historic Preservation Commission (AHPC) will not review exterior colors unless a change from the existing color is being proposed or unpainted masonry is proposed to be painted. In the Buckner Circle district, the structures are very uniform in color, and deviations from this color scheme will detract from the overall cohesion of the district.
